## EPA moves to end greenhouse gas emissions reporting

Gutting the Greenhouse Gas Reporting Program would strip local governments of information they rely on to hold polluters accountable and undermine efforts to protect residents' health, climate advocates say.

## Houston had outpaced the nation in addressing homelessness. Now it’s facing a setback.

The city’s unsheltered homeless population jumped 16% in 2025, new point-in-time data shows.

---

## Horse-drawn carts? High-tech manufacturing? Lancaster County wants to be known for both.

With urban redevelopment, public-private partnerships and diversified manufacturing, the county wants to become a destination for opportunity and growth while honoring its Amish and agrarian roots.
